# Prathamesh Nadhe
## Software Engineer

✉ prathameshnadhe06@gmail.com  📞 +91 9075368625  in LinkedIn  🔗 Portfolio  📍 Pune

## PROFILE

Expertise in React, JavaScript, HTML, CSS, and capable of creating and managing web front-end features. Developed a Tour Booking app using React.js, Node.js, and MongoDB.

## PROFESSIONAL EXPERIENCE

**Software Engineer**                                              Jan 2022 – present | Pune, India
Cybage Software Pvt Ltd ⬈

**Project Title: Classy-dev** ⬈
**Project description:** Classy connects nonprofits organizations with supporters for online fundraising.

**Roles and Responsibilities:**
- Integrated server-side features with React and TypeScript, boosting dashboard efficiency and UX.
- Implemented Figma designs with React and TypeScript to enhance user engagement and navigation.
- Enhanced application performance by optimizing data fetching, utilizing GraphQL alongside RESTful APIs.
- Enhanced code quality with comprehensive unit tests.
- Utilized Git for version control and containerized applications with Docker.
- Participated in daily stand-ups, sprint planning, and retrospectives for timely delivery of quality software.

**Project Title: GBS_Transform**
- Developed and tested REST APIs by analyzing SQL queries, enhancing system functionality and security.

## PERSONAL PROJECTS

**Foodies** ⬈                                                                    May 2024 – present
- Foodies is an online food ordering web application based on Swiggy's live API.

**Parikrama Tours** ⬈                                                            May 2023 – Dec 2023
**Technologies Used:** React.js, Node.js, mongoDB (Mongoose ODM)
- Created and deployed a user-centric application with backend on render.com, frontend on netlify.com, featuring registration, login, tour booking, and admin management capabilities
- Integrated Mailtrap for password reset and Mapbox for dynamic tour mapping, enhancing user experience.
